

FEDERAL ELECTION COMMISSION
WASHINGTON, D.C. 20463

RQ-2

Ted W. Strickland, Treasurer
Fund for A Conservative Future
P.O. Box 13300
Oklahoma City, OK 73113

Identification Number: C00326082

JAN 3 2000

Reference: July Quarterly Report (4/01/00-6/30/00)

Dear Mr. Strickland:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-The beginning cash balance of this report should equal the ending balance of your 2000 April Quarterly. Please clarify this discrepancy and amend any subsequent report(s) that may be affected by this correction.

-Please provide the totals for Lines 6(c) and 7, Column A of the Summary Page. Note that changes in your figures may affect your Column B totals on this report and/or on subsequent reports.

-Your calculations for Line 8 appear to be incorrect. Cash-on-hand at the close of the current reporting period should always equal the closing calendar year-to-date cash-on-hand amount. Please provide the corrected total on the Summary Page.

-Please provide the total(s) for Line 11(a)(i), Column B of the Detailed Summary Page. Note that changes in your figures may affect your Column B totals on this report and/or on subsequent reports.

A written response or an amendment to your original report(s) correcting the above problem(s) should be filed with the Federal Election Commission within fifteen (15) days of the date of this letter. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530 (at the prompt press 1, then press 2 to reach the Reports

Analysis Division). My local number is (202) 694-1130.

Sincerely,

A handwritten signature in cursive script, appearing to read "Alice Kang", followed by a long horizontal flourish.

Alice Kang
Reports Analyst
Reports Analysis Division

The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights the need for researchers to be sensitive to the values and beliefs of the communities they are studying. This is particularly important in the field of education, where cultural differences can significantly impact learning outcomes.

The second part of the paper focuses on the methodology used in the study. It describes the process of selecting participants, collecting data, and analyzing the results. The authors emphasize the importance of using a mixed-methods approach to capture both quantitative and qualitative data.

The third part of the paper presents the findings of the study. It shows that there are significant differences in learning outcomes between students from different cultural backgrounds. These differences are attributed to a variety of factors, including language barriers, social norms, and access to resources.

The final part of the paper discusses the implications of the findings for education. It suggests that educators should take steps to create a more inclusive and culturally responsive learning environment. This can be achieved through a variety of strategies, such as using culturally relevant materials, providing language support, and fostering a sense of community.
